TDD com Ruby on Rails, RSpec e Capybara

Jackson Pires

Apagando um Cliente

Conversando com o Navegador

`page.driver.browser.switch_to.alert.accept`

Gems

```
gem 'selenium-webdriver'
gem 'chromedriver-helper'
```

JS

js: true

spec_helper.rb

```ruby
Capybara.register_driver :chrome do |app|
  Capybara::Selenium::Driver.new app, browser: :chrome,
    options:
Selenium::WebDriver::Chrome::Options.new(args:
%w[headless disable-gpu])
end

Capybara.javascript_driver = :chrome
Capybara.default_max_wait_time = 5
```
